December 20, 2018

TO: The Honorable Mayor and Members of the City Council

FROM: Amy Chan, Interim City Manager

SUBJECT: Items of Interest

City Awarded the Cityworks “Excellence in Departmental Practice” Award

In 2009, the Innovation Technology Department’s GIS Division and the Public Works Operations Divisions (team) set out to cooperatively change the way Cupertino Public Works manages its assets. Implementing a couple of Public Works Operation divisions per year, the team was able to move from an existing paper-based management system to a software-based one. The new system, Cityworks, leverages the inherent values of a GIS-centric system with an enterprise asset inventory system. This was done by managing both the associated attributes (type, condition, installation date, etc.) of each asset with the work needed to care for each of these assets.

In 2016 the team advocated for, and was authorized, a full-time Asset Management Technician Position. This position supports all asset management activities, functions as the GIS Operations liaison, works to optimize staff workflows and performs frequent trainings. Since this position came on board, there has been an increase in users in each Public Works Operation division. With the additional support, the overall attitude towards a GIS-centric enterprise asset inventory system has improved and work captured has become more comprehensive. The teamwork between the GIS Division and the Public Works Operations staff is what made this project a successful one for the City.

The combination of these factors resulted in Cupertino receiving the “Excellence in Departmental Practice” award at the 2018 Cityworks User Conference. The GIS Division and Public Works Department were proud to receive the recognition on behalf of the City. An example of the type of information routinely tracked and available using the Cityworks system in a dashboard view is attached. The recognition of City staff working collectively to deploy an enterprise asset management system is a great example of enhanced efficiency that better serves the City. (Photos Attached)
City of Cupertino Staff Win Water District Award for Hosting Creek Cleanup Events

For more than 10 years, City of Cupertino staff has hosted creek cleanup events at Creekside Park on National River Cleanup Day in May and Coastal Cleanup Day in September, regularly drawing over 90 volunteers of all ages. On December 3, 2018, staff were honored to receive one of the Santa Clara Valley Water District’s Volunteer of the Year awards for those efforts. Per Ricardo Barajas of the Creek Stewardship Volunteer Program at the Water District, “The recipients of these awards have shown outstanding performance in their ability to take on leadership roles for coordinated creek cleanups in Santa Clara County. These individuals are being recognized for their efforts in removing trash and recyclables from our creeks and streams, as well as bringing in volunteers to help and support the District’s efforts. These individuals are motivating and inspiring individuals who continue to spread a positive creek stewardship message, show appreciation of other volunteers and resonate the District’s mission through their on-going support.”

The City of Cupertino was one of several groups to receive awards. Other groups honored were the City of Milpitas, West Valley Clean Water Program Authority, Mountain View Fire Department, Girl Scout Troop 60510, and Christopher High School’s Beautification Campus Clean-up Club. Pictured below are Alex Wykoff, Cheri Donnelly, Ursula Syrova, and Keith Wandry, with Ingrid Velasquez’s nameplate standing in for Ingrid who was a longtime organizer of Cupertino’s events before moving to a full-time position at the City of Palo Alto this past July. (Photos Attached)

All-Inclusive Playground Grant

On December 18, 2018, the Santa Clara County Board of Supervisors approved awarding an approximately 1.4-million dollar grant for Cupertino’s first all-inclusive playground, proposed for Jollyman Park. All elements in the playground will be usable by all members of our community, regardless of ability.

Neighborhood Meeting for Increased Truck Traffic on Stevens Creek Blvd and Foothill Blvd

The Public Works Department held a neighborhood meeting on December 19, 2018 to discuss the increased truck traffic on Stevens Creek and Foothill Boulevards. The increase in the number of trucks is due to material being transferred between Lehigh Southwest Cement Plant and Stevens Creek Quarry.

About 150 people attended the meeting, which included staff from Supervisor Simitian’s Office, Santa Clara County Planning, the Sheriff’s Office, and Lehigh Cement Plant. All five members of Cupertino City Council were also in attendance. A link to NBC’s coverage of the meeting can be found here.

The meeting revolved around actions the City, County, and the Sheriff’s Office have taken to date regarding this issue, and what the next steps are in addressing the situation. Resolution will be several months away. The Public Works Department will stay involved with the issue and will
coordinate as possible to mitigate the issues identified by residents at the meeting. Staff is also compiling a list of all questions and comments made by residents.

Material was being transported between Lehigh and Stevens Creek Quarry along an internal haul road. These operations were required to cease until such time that Lehigh Cement Plant acquired the necessary permits. Lehigh is currently working with the County to modify its reclamation plan in order to restart these operations.

Santa Clara County will be hosting a Zoning Administration Hearing to discuss the modifications to the Lehigh Reclamation Plan. The meeting is tentatively scheduled for January 17, 2019 at 9:00 a.m. at the County Government Center, 70 West Hedding Street, San Jose, CA 1st Floor, Room #157.

Additional information regarding the Lehigh Cement Plant can be found on the Santa Clara County website.

**Upcoming Agenda Items**
Attached is the City Council agenda forecast through April 16, 2019.

**Law Enforcement**
Attached is the Sheriff’s weekly report for December 10 - 16, 2018.
