CITIZEN PARTICIPATION PLAN FOR THE DEVELOPMENT OF THE CONSOLIDATED PLAN, AMENDMENTS TO THE PLAN, ANNUAL ACTION PLAN AND ANNUAL PERFORMANCE REPORT

In accordance with the requirements of Federal law, the City of Cupertino (City) hereby provides its plan for citizen participation in the City's Community Development Block Grant (CDBG) Program. This plan applies to citizens, nonprofit organizations, and other interested parties.

GOALS/OBJECTIVES

The objective of the CDBG Program is to provide decent housing and a suitable living environment, and to expand economic opportunities, principally for persons of low income (up to 80 percent of area median income), as defined by the U.S. Department of Housing and Urban Development (HUD). In addition, the program is directed toward the provision of improved community facilities and services.

CONSOLIDATED PLAN

Per Federal Regulations, the City will produce and follow a Consolidated Plan, defined as a five-year comprehensive planning document which identifies the City's overall needs for affordable and supportive housing as well as non-housing community development needs and identifies the resources expected to be available to address the identified needs. The Consolidated Plan includes the following documents:

- a five-year Strategic Plan which provides a five year strategy for use of available resources to meet the identified needs and describes the actions, programs, objectives, and projects to be undertaken during the five-year period
- a one-year Action Plan which is prepared annually and describes the activities the City will undertake during the upcoming program year using available funds for meeting the objectives identified in the Strategic Plan
- an annual Performance Report which identifies the accomplishments in meeting the goals and objectives of the preceding year Action Plan

As part of this consolidated planning process, the City will make funding applications available, accept requests for funds from eligible organizations, and make funding decisions, based on the identified goals and objectives in the Strategic Plan.

POLICY

It is the intent of the City to provide for and encourage citizen participation with

particular emphasis on participation by persons of lower income who are residents of areas in which CDBG funds may be spent. The City encourages the participation (in all stages of the Consolidated Planning process) of all its residents, including minorities and non-English speaking persons, as well as persons with mobility, visual or hearing impairments, and residents of assisted housing developments and recipients of tenant-based assistance.

PARTICIPATION

In order to encourage citizen participation by low income residents, minorities, non-English speaking residents as well as persons with mobility, visual or hearing impairments, in the development of the Consolidated Plan, Amendments to the Plan, Action Plan and Performance Report, the City will carry out the following activities:

- In the case where a significant number of non-English-speaking residents can be expected to attend public hearings, the City will provide reasonable accommodations by hiring a translator to assist the non-English speaking residents to communicate during the public hearing.
- Where feasible, a display ad will be placed in the local newspaper, The Cupertino Courier. A mailing list of interested persons and groups will be maintained and will be used to mail announcements.
- Announcements of upcoming hearings and Consolidated Plan activities will be sent to the managers of subsidized housing with the request that the notices be distributed to each of the tenants in the complex.
- Announcements of upcoming hearings and Consolidated Plan activities will be sent to agencies which provide services to low income residents, with the request that the information be distributed to their clients.
- Information regarding hearings and Consolidated Plan activities will be sent to the local Housing Authority so the information can be made available at the annual public hearing required for the Public Housing Agency Plan.

ANTI-DISPLACEMENT POLICY

It is the policy of the City to avoid, to the greatest extent feasible, the involuntary displacement of any persons, property or businesses as a result of CDBG activities. Displacement occurs when a "person" or their property is displaced as a direct result of a federally assisted acquisition, demolition or rehabilitation project.

All efforts to minimize involuntary displacement will be carried out by designing activities in such a way that displacement is avoided, except in extraordinary circumstances where no feasible alternatives to displacement are available if the City's community development objectives are to be met. The City will take all reasonable steps to avoid displacement, such as assuring whenever possible, that residential occupants of buildings to be rehabilitated are offered an opportunity to return; planning rehabilitation projects to include "staging" where this would minimize displacement; and following federal notification requirements carefully to assure that households do

not leave because they are not informed about the plans for the project or their rights for relocation benefits.

Should involuntary displacement become necessary under such circumstances, relocation benefits will be provided in accordance with (a) the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA) and 24 CFR 570.606(b); and (b) the requirements of 24 CFR 570.606(c) governing the Residential Anti-displacement and Relocation Assistance Plan (Plan) under Section 104(d) of the HUD Act. The policies and requirements of these laws are described in HUD Handbook 1378 and the City shall strictly abide by these policies and laws.
