Public and Media Invited to the Launch of Cupertino's New On-Demand Shuttle Service

CUPERTINO, CA – The City of Cupertino is excited to invite the public and media to the launch of Cupertino's new on-demand community shuttle service: Via-Cupertino. The system features new Mercedes Metris vans, each equipped with a bike rack and ADA accessibility, which will provide transportation anywhere in Cupertino and to the Sunnyvale Caltrain station. The event will be held at on Tuesday, October 29, from 9:30 to 10:00 a.m. at Civic Center Plaza, 10300 Torre Avenue.

"This partnership with Via is the next generation of what public transportation can be, allowing the City to increase mobility while taking a step toward our larger goal of reducing traffic congestion across Cupertino," said Mayor Steven Scharf.

The launch event will feature short speeches by Mayor Scharf and City Manager Deborah Feng, an appearance by one of the Mercedes Metris vans, and tabling by Via representatives.

For more information regarding the shuttle service and launch event, visit cupertino.org/shuttle, or contact Senior Transit & Transportation Planner Chris Corrao at (408) 777-3174 or chrisc@cupertino.org.
