COVID-19 Response Update

The City of Cupertino continues to monitor the effects of COVID-19 as the safety of our residents, staff, and visitors remains our highest priority. The following information regards the City's response to the latest recommendations from the County of Santa Clara Public Health Department. For more information, visit www.cupertino.org/coronavirus.

New

Santa Clara County Shelter-in-Place Order Update

The Santa Clara County Public Health Department has updated its [Shelter-in-Place Order](#). View the press conference [here](#). This new Order will go into effect at 12:01 am on Friday, May 22, 2020, and will remain in effect until the Health Officer amends or rescinds it.

The May 22 Order allows several new categories of businesses and activities to reopen, subject to specific conditions and limitations. It also keeps key restrictions in place, requiring people to stay in their homes except when engaging in certain essential or allowed activities.

For more information, visit www.cupertino.org/coronavirus and click the "County, State, and Federal Actions" tab.

COVID-19 Testing Sites in Santa Clara County

The Santa Clara County Public Health Department recommends anyone experiencing symptoms consistent with COVID-19 should immediately call their medical provider to discuss their conditions and seek testing. It is also recommended all workers who have frequent interaction with the public should be tested, even if they have no symptoms. Get tested if you are a healthcare worker, first responder, frontline worker at a grocery store, provide food delivering services, work at a restaurant, gas station, or convenience store.

Find the nearest COVID-19 testing site in Santa Clara County with this interactive map:

(After registering, you will receive a confirmation email containing information about joining the webinar.)

Sort Your Waste While Sheltering in Place – Wednesday, May 27 from 1 to 2 p.m.

The City of Cupertino's Environmental Programs Division, in collaboration with waste hauler Recology, is hosting a free waste sorting webinar on Wednesday, May 27 from 1:00 to 2:00 p.m.

Are you finding yourself collecting more take out containers or generating more food scraps since shelter-in-place began? Do you have questions about disposal of masks and gloves? This webinar is intended to provide guidance to Cupertino residents on how to better manage their waste during the COVID-19 period. Learn about general waste sorting, hear about impacts of COVID-19 on the waste industry, and ask your waste related questions during our live Q&A.
