The De Anza Optimists will start the morning with a traditional pancake breakfast at the Quinlan Community Center. Breakfast begins at 7 am. At 9:30 am, the line-up for the children’s parade will take place by the Memorial Park ball field, and at 10 am, the parade will begin. The parade will wind through Memorial Park, ending at the Memorial Park Amphitheater. Once the parade ends, there will be a family concert by “The Peelers”. Pack a picnic and enjoy the music!

Don’t forget to come back in the evening for more July 4th activities. Come join us at Creekside Park, Hyde Middle School, or Sedgwick Elementary School. Evening activities begin at 6:45 pm, with musical entertainment by the Magnolia Jazz Band. Fireworks will begin at 9:30 pm and will be launched from Cupertino High School.

For safety reasons, there will be no public access to the Cupertino High School campus. Finch Avenue and Tilson Street will be closed to traffic from 6 pm to midnight. Handicap accessible parking will be available at Creekside Park. For questions, please call 408.777.3110 or 408.777.3120.

- Vehicles will be towed

– Summer Concert Series, continued from page 1
On the weekend of June 26, Hams all over the United States will participate in Field Day, a 24-hour exercise and test of amateur radio emergency communications skills. CARES (Cupertino Amateur Radio Emergency Service – www.cupertinoares.org) will operate in this event as station K6KP. CARES will operate in emergency mode at the city EOC location, using generators and batteries on the front lawn of the Cupertino City Hall. Several HF and VHF antennas will be set up, along with necessary station equipment.

Field Day is sponsored by the ARRL (www.arrl.org) as an annual event to test operations in an emergency situation. During this event, various amateur radio organizations throughout the USA will set up their emergency stations in shopping malls, parking lots of commercial buildings, parks, and government emergency operations centers (EOCs). The objective of Field Day is to test amateur radio’s ability to set up for an emergency, and to practice message-passing capability. A scoring system allocates points for each type of contact, along with multipliers for different regions contacted around the USA.

The public is encouraged to visit the CARES operation from 11 am to 5 pm, Saturday, June 26 along Torre Ave in Cupertino, between City Hall and the Library. Various modes of communication will be demonstrated including HF voice, Morse code (CW), digital communications, Amateur TV, and VHF digital packet as well as satellite operations (using earth-orbiting satellites for ham radio communications).

A tour of all stations will be available, along with a chance to operate and make contacts. Information covering Cupertino emergency preparedness will be available, including how to volunteer for various groups and how to obtain an amateur radio license.

The Valley Chorale will appear in concert at Quinlan Community Center at 10185 N. Stelling Rd in Cupertino on Sunday, June 6, 2010 at 4 pm. It’s a delightful musical buffet for everyone to enjoy. Savor a first course rich with classical and festival works, spiced with hand-bells and Latin percussion. Taste a rollicking musical revue laced with costumes and dancers. For dessert, enjoy colorful highlights from “Oklahoma!”. For more info call 408.732.2588 or visit www.valleychorale.org
Summer is a great time for block parties and getting to know your neighbors. Need something to talk about? How does your neighborhood rate? See how well your neighborhood would fare if an earthquake happened tomorrow.

1. Do you know when your neighbors are out of town or on vacation?
2. If they were gone and their home was damaged, do you have a way to contact them? Do you have an out of area contact for them in case local phone service is unavailable?
3. Do you know where your neighbor’s gas shutoff valve is kept and how/when to shut off the gas to their home?
4. Do you know who may pick up the neighbor’s children from school if the parents are injured or out of town?
5. Is there someone living near you who knows first aid and could offer assistance to you or your neighbors?
6. Do any of your neighbors have medical conditions that could be adversely affected by a power outage? (Medications that need refrigeration and life support equipment that needs electricity) Is there a backup plan?
7. Do you know your neighbors’ pets and how to care for them?
8. Do any of your neighbors have mobility, vision or other conditions that could mean they might need extra assistance after an earthquake?

If you know your neighbors this well, you get an A+. Neighbors who have emergency plans to care for each other will be able to manage any disaster. If you don’t know your neighbors… become a Block Leader and help build a strong, stable community! Contact Laural@cupertino.org for more info.

Time is running out. Community Emergency Response Team (CERT) training starts in September. You must take the three hours Personal Emergency Preparedness Workshop before taking CERT. That way you’ll be sure to have your home and family prepared and also help the City.

Upcoming Classes:
FREE! Personal Emergency Preparedness Workshop, June 23, 9 am - 12 pm, July 20, 6:30 - 9:30 pm, August 26, 9 am - 12 pm
FREE! Medical Reserve Corps orientation, June 5, 9 - 10 am at Cupertino City Hall

Anyone interested in learning more about our disaster medical operations is welcome to attend. If you have medical skills that can be helpful after an earthquake, be sure you learn about the City’s medical support plan. Immediately following the orientation, there will be a Medical Reserve Corps refresher training on operating a field treatment site from 10 am - 12 pm.

FREE! International Amateur Radio Operator Field Day, June 26, City Hall. 10 am - 3 pm. Are you a ham radio operator who isn’t registered with the City’s emergency responders? Or someone interested in learning more? Join Cupertino Amateur Radio Emergency Service as they demonstrate their disaster communication capabilities in front of City Hall and answer your questions. Working with generators, antennas and remote TV cameras, they continue their history of providing unfailing communication for our City’s disaster response.

Kaleidoscope Public Safety Training for ages 11-18, July 12-16, 9 am – 1 pm, City Hall

Fire safety, earthquake preparedness, law enforcement and 9-1-1 center, CPR & First Aid training!

Cupertino Fall Festival & Safety Training, September 25 & 26 at Memorial Park. Practice CPR and First Aid skills, sign up for classes, learn how to use a fire extinguisher, when to turn off natural gas and more!

One of the prettiest spots in Cupertino is the lovely golf course across the road from McClellan Ranch Park. But how many people know that in the earlier part of the last century, this scenic area was used by Hollywood in several movies? From 1934 to 1938, the famous movie magnate, Louis B. Mayer (of Metro-Goldwyn Mayer studios) leased the Deep Cliff property for its mountainous backdrop, meandering streams and tall trees. One of the best known films made there was “My Old Kentucky Home”, with actor Don Ameche. Mayer was also a prominent figure in the sport of horse racing and stabled a string of thoroughbred horses at the Deep Cliff site.

In 1961, then owner of Deep Cliff, Clark Glasson, opened the newly created golf course on the property for nine holes of play on Thanksgiving weekend in 1961. The natural beauty of the course, which includes Stevens Creek as it comes down from the reservoir, offers a hazard to errant shots as it winds through the terrain. There are 4 bridges to be crossed on the course. The second nine holes opened for play – again on Thanksgiving weekend in 1962.

There are two golf courses along Stevens Creek. Blackberry Farm course is just beyond McClellan Ranch to the north and extends to Stevens Creek Boulevard. This property covers the land that formerly belonged to one of Cupertino’s earliest settlers, the crusty former wagon train master, Elisha P. Stephens – also known for his culinary expertise with rattlesnakes.

If you are a golfer or just a walking visitor to these properties, stop and savor the crisp air and smells of the creek, warm dirt, grass and trees and try to imagine the land as it looked 200 or more years ago. Listen to the breeze sighing through the trees, the sharp cry of circling hawks and rustle of small creatures in the nearby wild grasses. Residents of Cupertino are truly blessed to have these lovely lands to enjoy.

NEWS ITEMS

**Cupertino Hosts National Women’s Cricket Tournament**

*June 4, 5 and 6, 2010, 9:30 am, Library Field, 10800 Torre Avenue, Cupertino*

This June, women from around the country are coming to Cupertino, California to compete in the National Women’s Cricket Tournament conducted by the United States of America Cricket Association (USACA) and hosted jointly by California Cricket Academy (CCA). This event will be held first time on the west coast. All Cupertino residents are invited to the ceremony to welcome 100 players who are coming from around the country to participate. There will be five teams participating in the tournament which will begin with a ribbon cutting ceremony, at the hands of Mayor Kris Wang. The tournament will be held on the new International-standard pitch, which has been recently upgraded with the support from the City of Cupertino. The winners will be honored at the end of play on June 6 and all will be celebrated for participating in this event.

USACA is the governing body for cricket in the USA; its mission is to promote the game of Cricket at all levels and develop national teams that are competitive and successful in international competitions. For more information, contact CCA at 408.777.9983 or visit [www.calcricket.org](http://www.calcricket.org).

**Pancake Breakfast**

*July 4, 7 - 11 am, Quinlan Community Center*

The 4th of July Pancake Breakfast has been a Cupertino tradition for more than 20 years. This annual event was first held in the late 1980’s, originally at what is now the Senior Center. Immediately following the construction of the Quinlan Center in 2002, the event was moved there, and has been the morning anchor for Independence Day Celebrations at the Quinlan Community Center. This year, Steve Austin will perform from 8:30 to 9:30 am and the Rhythmaires from 10 - 11 am. The event is sponsored by the De Anza Optimist Club which was founded in 1979, and has been bringing out the best in youth by providing hope and a positive vision.

CANCELLED June Environmental Recycling Day & Document Shredding Event

The June 26 event in De Anza’s parking lot has been cancelled for Graduation. The City’s Environmental Recycling Day and Shredding Event will be held in July or August at De Anza College. Please check the July Scene for the new date. Cupertino & Recology offer this free drive-through, drop-off service for Cupertino residents at least twice a year to prevent valuable resources from being sent to the landfill. Accepted items are: Electronic Waste (i.e., computers, monitors and printers), U-Waste (batteries, cell phones, CFLs and fluorescent tubes), reusable furniture, clothing (for donation; no dirty, stained or torn furniture, and no mattresses), and residential documents (for confidential onsite shredding; two (2) box limit). Recycling Day compliments the FREE e-waste collection offered weekly by Apple Computer for residents of Cupertino. Look for more details on this event on the City’s website www.cupertino.org, or visit Recology’s website www.recologycupertino.com.

Help protect Cupertino’s Creeks and Bay - Illegal Dumping/Discharges In or Near Storm Drains

Nothing besides clean water may be dumped or allowed to flow into a storm drain. Common examples of illegal discharges include pesticides, washwaters, sewage, automotive fluids, paint, construction materials and wastes, sediment and/or silt, and food wastes.

When do you report an illegal discharge or dumping incident?

- When you see a person dumping anything into the storm drain. This activity is illegal!
- When you notice unusual odors in or near the storm drain.
- When you see dumped wastes and materials in or near the storm drain.
- When the storm drain system has larger than normal flows during dry periods.

To report an illegal discharge or dumping incident that occurred in Cupertino, contact the City of Cupertino at the following phone numbers:

Monday - Thursday 7:30 am - 5:30 pm
408.777.3354 or
Monday - Friday: 6 am - 3 pm
408.777.3269

Friday - 7:30 am - 4:30 pm
408.777.3354

After Hours - 408.299.2507
(Santa Clara County Communications will notify the City’s on-call staff).

Is Your Gardener a Green Gardener?

Ask your gardener or yard maintenance professionals if they have been trained as Santa Clara Valley Green Gardeners. Santa Clara Valley Green Gardeners have received training to:

- Use resources wisely, conserve water, protect the soil, and reduce waste
- Improve the health, appearance and value of landscapes
- Reduce urban runoff and stormwater pollution from landscape maintenance activities

Locate Environmentally Trained Green Gardeners; visit www.mywatershed-watch.org and click Find a Green Gardener. The ideal person to create or maintain your garden or landscape will:

- Water according to the needs of the season, the plant, and site soil conditions
- Prune selectively and properly to compliment the natural form and needs of the plant
- Use alternative approaches such as Integrated Pest Management (IPM) techniques, before turning to pesticides and herbicides
- Help protect air quality by using hand-powered equipment or fuel-efficient, low-emission equipment
- Check soil for fertility, texture, and moisture
- Use compost and mulch to feed the soils naturally
- Install water efficient irrigation systems and regularly maintain them
- Compost plant debris and grass-cycle
- Use local plant varieties that are California natives or adapted to our Mediterranean climate and not invasive species

2010 Garage Sale Date Set

The Citywide Garage Sale will be held on September 25 and 26 this year. Look for sale details in next month’s Scene and on our website at www.cupertino.org/environmental in the coming months.
Spring into Action

Spring has sprung. With Spring comes new life and new opportunities to make better decisions for your garden and for the environment. With all the new growth, pests are not far behind. Please make careful choices when purchasing pest control products.

After the highly publicized voluntary recalls of diazinon and chlorpyrifos (Dursban) as home and garden pesticides, consumers could easily think most products on store shelves are safer. But this is not the case. In the wake of the recalls a new class of pesticides has come into prominence: pyrethroids. Pyrethroids are a class of pesticide designed to kill a wide variety of pests, such as lawn grubs and ants. But pyrethroids are also highly toxic to beneficial insects like ladybugs, earthworms, and lacewings, which help to keep problem pests in check. Once beneficial bugs are eliminated, pests are free to multiply without the natural checks and balances that beneficial insects provide. Pyrethroid pesticides remain the highest priority... because they have been linked to widespread toxicity in California surface waters.

Garden pesticides are a particular problem when it comes to stormwater pollution. Once they wash off from rain and watering, pesticides flow into storm drains, polluting local creeks and the Bay, harming fish and other aquatic life. Here are helpful tips to make less-toxic choices while maintaining beautiful yards and gardens.

- Read labels. The word “pyrethroid” will not appear on a label, but look out for the following active ingredients: permethrin, bifenthrin, cyfluthrin, cypermethrin, deltamethrin, lambda-cyhalothrin, and tralomethrin. A quick tip: active ingredient names ending in “-thrin” are usually in the pyrethroid class. To download a free pocket guide that gives examples of products without pyrethroids, go to OurWaterOurWorld.org.
- When shopping, seek out the least toxic products. Look for shelf signs with the Our Water, Our World name and logo, which call out the best choices in each category. Participating stores include Orchard Supply Hardware, Ace Hardware Stores, Home Depot, Summerwinds and Yamagami’s Nursery.

Best Ways to Spare the Air

The Bay Area summer 2010 Spare the Air season started in May and will run through mid October. During this period, the Bay Area may experience several days with high levels of ozone, which can be unhealthy for children, the elderly, and people who exercise outdoors. On high pollution days, the Bay Area Air Quality Management District issues Spare the Air notices to the public, asking them to voluntarily refrain from polluting activities. You can help probably much more than you realize. Taking any of the actions listed below will help prevent air pollution. Here are a few ways you can Spare the Air.

- Drive less
- Avoid consumer spray products.
- Use water-based paints. Oil-based paints and varnishes contain a high percentage of VOCs that evaporate into the atmosphere and create smog.
- It’s OK to barbecue, but don’t use lighter fluid.
- Make your garden chores gasoline-free. On Spare the Air days, don’t use gasoline-powered equipment like mowers, leaf blowers and chain saws.

Residents and businesses can sign up for email AirAlerts and/or automatic Phone Alerts to find out if there is a Spare the Air Alert, by visiting www.sparetheair.org.

Prescription Drop Off Locations

DO NOT FLUSH MEDICATIONS DOWN THE TOILET. Although this was a practice used in the past, new studies show that prescription and over-the-counter drugs are not completely removed when passing through waste water treatment plants. Harm to marine and plant life can be caused by improper disposal. In addition to using the Santa Clara County Household Hazardous Waste Program (HHW), you can drop off your unused or expired prescription drugs, and over-the-counter medications to local medication drop-off locations listed at www.hhw.org, or call 408 299.7300.
