During the festival, a series of cultural displays, demonstrations and silent auction of Japanese dolls will be featured at the Quinlan Community Center. The featured artist this year is the Midori Bonsai Club, showcasing their miniature trees. Other cultural exhibits and demonstrations include *ikebana* (flower arranging), *suiseki* (rocks without water), *nihon shishu* (embroidery), *origami* (paper folding), *shodo* (calligraphy), *temari* (decorative balls), and *su-mi-e* (brush painting). There will also be a fabulous display and auction of Japanese Koi fish sponsored by the Santa Clara Valley Koi and Water Garden Club. Look for them outside the Quinlan Center. Akita and Shiba Inu dogs will be shown on the lawn behind the food court. All-day entertainment takes place in the park amphitheater. Among scheduled events are four Taiko groups, Japanese dances, various martial arts, children and adult musical performances. Returning this year will be the California Sumo Association with US champion sumo wrestlers giving two demonstrations on Sunday!

Food offerings will include chicken salad, green tea, teriyaki hamburgers and hot dogs, teriyaki skewered corn, sushi, tempura, chicken teriyaki, udon noodles, gyozas (meat in Japanese pastry), yaki soba, fruit on a stick, ice cream, beer, sake, wine, soda and bottled water.

Craft booths throughout the park will offer a wide variety of items for sale, including cards, paper sculptures, pottery, jewelry, washi eggs and dolls, Japanese antiques, clothing, paintings, candles, photos, woodwork and T-shirts. The 200 cherry trees and the two traditional lanterns at the park were gifts to the City of Cupertino from Toyokawa.

The festival benefits the nonprofit Cupertino Sister City Committee, which promotes friendship and student exchange programs between the two cities. Local nonprofit organizations that support services for disadvantaged, youth sports, music and language programs will have booths which raise funds for their groups.

Parking is available at De Anza College. Purchase a one-day parking permit for $2.00 from machines on lot (8 quarters required).

For further information about the Cherry Blossom Festival, call Festival Coordinator, Lucille Honig, at 408.257.7424 or visit www.cupertinooyokawa.org.

**Fremont Union High Crab Feed**

**Friday, April 4, De Anza College Gym**

The Fremont Union High Schools Foundation announces its Annual Crab Feed “FUN” Raiser.

Since 2004, the Foundation has given over $300,000 to support programs at our five high schools. Over the past 3 years they have funded science lab equipment, musical instruments, and library resources. This year the funds will go to improve each school’s website and to improve communication between parents, teachers and students.

Tickets are $35 and may be purchased at any local high school office or by calling 408.773.1218. Direct donations also gratefully accepted at any time and can be sent to the Foundation office at 589 West Fremont Avenue, Sunnyvale, CA 94087.

Cupertino Library Fundraiser
Online auction: May 1 - June 2
Last July City Council authorized Monday openings of the Cupertino library to provide a higher level of service to Cupertino residents. The additional hours are estimated to cost $250,000 from July 2008 to June 2009. The City is launching a fundraiser to help defer the cost of these extended hours by hosting an online auction and by selling tickets to the musical Chicago.

Tickets for the May 30 showing of the Broadway musical Chicago are now on sale. Tickets are available for $60 each. The entire cost of each ticket will go toward expansion of library hours thanks to the support and generosity of the Flint Center. Tickets are available on a first-come-first-served basis. To purchase tickets, please call Carol or Dorothy at 408.777.3220. Tickets to this library benefit end April 30.

From May 1 to June 2, the community is invited to participate in an online auction at, www.Cupertino.org/auction. The auction will feature exceptional items from Cupertino and surrounding communities with starting values of $25. Fly over Silicon Valley in the Sheriff’s helicopter, invite your friends to a wine tasting at Ridge Winery, or improve your culinary skills at a whole Foods cooking class. All of these, and many more prizes are available at www.Cupertino.org/auction.

Come to Cupertino's Shredding Event and bring your mercury thermometer in a sealed plastic bag and we will exchange it for a FREE digital thermometer. The first 100 customers also receive a free reusable bag.

**HOME ELECTRONICS RECYCLING EVENT**

Saturday, April 19, 9 am - 2 pm, Apple Computers Cupertino campus, 10500 North DeAnza Blvd.

Celebrate Earth Day and recycle your home electronics. Apple will host its 4th annual Earth Day Electronics Recycling Event. Bring in your old computers, TVs, LCD displays, printers, stereos and other home electronics systems and they will be recycled for FREE. Please honor a limit of five monitors and/or TVs and five other devices per car. For recorded information call 408.988.2428.

**COMPOST CLASSES**

April 5, May 3, 10 am - 12 pm
McClellan Ranch Park, 22221 McClellan Road

Those interested in learning about backyard composting can attend a free workshop at McClellan Ranch Park on Saturday April 5 and May 3 from 10 am to noon. Register on-line at www.reducewaste.org (use the search function to find “home composting”), or call the Rotline at 408.918.4640.

**COMPOST AVAILABLE AGAIN**

Fridays and Saturdays, 8:30-11 am
Stevens Creek Quarry, Stevens Canyon Road (across from the dam), FREE

The city’s compost site is now open again, just in time for spring planting. No appointments are necessary. The site is open during rainy weather or if the site remains muddy and on holiday weekends. Please bring proof of city of Cupertino residency.

For recorded information call 408.777.1320, or city offices at 408.777.3269 (6:30 am - 3:30 pm). You may also access information from the city’s website at www.cupertino.org/environment.

**MAKE A CHANGE TO COMPACT FLUORESCENT LIGHT BULBS**

A compact fluorescent lamp (CFL) is a light bulb that uses less energy than a standard bulb to provide the same amount of light. Those bearing the government’s ENERGY STAR label use 1/3 the energy of a traditional bulb, can last up to 10 times longer, and save $30 or more in energy costs over their lifetime.

The ENERGY STAR CFLs can be found anywhere you currently shop for light bulbs. If every American swapped just one bulb for an ENERGY STAR labeled CFL, it would collectively save more than $8 billion in energy costs, prevent burning 30 billion pounds of coal, and remove 2 million cars worth of greenhouse gas emissions from our atmosphere. Less energy it takes to light your house, the lower your electricity bills.

The City of Cupertino has switched to using CFLs in all their public buildings. To dispose of CFLs properly, read the next article on Universal Waste Disposal.

For more information about the benefits of CFLs visit the following website: www.18Seconds.org. This website is sponsored by the 18Seconds Coalition, an organization of businesses, individuals and government working together to raise awareness about CFLs. 18 seconds is the amount of time it takes for a person to change one incandescent bulb in their home or business to an energy-saving compact fluorescent light bulb.

**UNIVERSAL WASTE DISPOSAL**

A law now in effect in California prohibits certain residential waste from being placed in the trash for disposal. The law is meant to protect the environment from hazardous products containing heavy metals such as mercury, copper, chromium and lead.

These wastes, called Universal Waste in the regulations, include electronic waste (e.g. computers, computer peripherals, telephones, cell phones, microwave ovens, VCRs), fluorescent tubes, compact fluorescent tubes, thermostats, and batteries. Remember, most Cupertino residents can recycle household batteries by sealing them in a clear plastic bag and setting them on top of the blue recycling cart on collection days. Cupertino residents can drop-off other wastes at the following locations:

- **Electronic waste**: Apple Computer’s facility at 10300 Bubb Road, Monday, Wednesday and Friday 8 am to 4:30 pm 408.862.2667 (recorded message).
- **Fluorescent Bulbs**: Blaine’s Lighting, 12312 Saratoga-Sunnyvale Rd., Saratoga 408.252-7400 or the Countywide Household Hazardous Waste (HHW) Program 408.299.7300
- **Mercury Thermometers**: De Anza College Health Services, 21250 Stevens Creek Blvd 408.864.8732 or the Countywide HHW Program 408.299.7300
• **Cell Phone Batteries:** Contact your local cell phone dealer or the Countywide HHW Program 408.299.7300

• **Rechargeable Batteries:** Target stores, Radio Shack or Countywide HHW Program

• **Household Batteries** (including rechargeable): Regular household batteries (alkaline) can be put in a clear plastic bag and placed on top of your blue recycling car. You can also drop off regular household batteries at Target stores, Radio Shack or Countywide HHW Program 408.299.7300

**PEST MANAGEMENT**

Spring is here, and that means it’s time to start gardening. It also means you’ll want to pay particular attention to controlling your home and garden pests. Our Water – Our World website ([www.ourwaterourworld.org/owow.cfm](http://www.ourwaterourworld.org/owow.cfm)) has been developed to assist consumers in managing home and garden pests in a way that helps protect the environment. Among other things, this site offers:

- Assorted fact sheets on specific pests and methods to manage them without using hazardous materials.
- Information on where to buy safer alternatives to pesticides, including fungicides and herbicides.
- A list of some products that are considered safer alternatives to more conventional pesticides.
- A list of products, sorted by the pest it targets.
- An “Ask the Expert” feature that allows you to ask a specific question and receive a personal reply.

Check out the website and enjoy an environmentally friendly gardening experience.

**SPRING NATIVE PLANT SALE**

Saturday, April 12, from 10 am - 3 pm, Hidden Villa Ranch, 26870 Moody Road, Los Altos Hills

Do your part to reduce global warming: reduce water and energy use in your home garden by planting California native plants. Naturally water-wise and energy-wise, native plants add beauty, habitat value, and a sense of place to the garden. Naturally adapted to the local soil and climate, California native plants thrive without amendments, fertilizers, or pesticides, and offer incomparable habitat value.

Choose from scores of species of hard-to-find native plants: from deergrass and monkey flower to redbud and blue-eyed grass, from orchids and lilies to ferns, sedums, and buckwheats.

The ranch is 2 miles west of the I-280 Moody/El Monte Road exit. Free parking. Come early for the best selection; bring boxes to carry your purchases home. Cash or check only. For more information visit: [www.cnps-scv.org](http://www.cnps-scv.org), email: cnps_scv@yahoo.com, call: 650.941.1068.

**Cupertino’s FREE SHREDDING event**

Saturday, April 26, 2008 • 9 a.m. to noon • Cupertino City Hall/Library Plaza • 10300 Torre Ave.

**Recycle and protect YOUR personal information**

- In-truck shredders will destroy your personal documents while you watch
- Two box limit (up to 10” H x 12” W x 18” D per box)
- Cupertino residents only. Proof of identification is required.
April is Earthquake Preparedness Month! It’s not difficult and now is a great time to quit making excuses and make time to prepare. In this article we will compile a checklist for essential supplies and review a proven life-saving procedure.

Remember, prepare for being outside of your home for 5 days.

- **Water:** One gallon per person, per day, in personal and group sized quantities. Water bottles for personal use, gallon sized for family use. Cost: approximately $3.99 per person. Use and replace every 6 months.

- **Non-perishable food:** 2400 calories per day. Choose nutritious but easy to eat and pack food such as trail mix or granola bars. Mark expiration dates clearly on each item. Use and replace as directed. Don’t forget a manual can opener! Cost: approximately $10 per person.

- **Flashlights:** Personal illumination and signaling. LED is better than incandescent, to prevent battery and bulb changes. Cost approximately $5.

- **AM Radio with batteries:** Program to Cupertino AM 1670. Cost $5.

- **Batteries:** For use in flashlights, radios, and other electronic devices. Try and keep cell consistency, i.e. not having devices that use too many different types. Cost approximately $5.

- **First-aid kit:** Can vary in size depending on its designated use, but should at least treat minor injuries. Cost varies $5 to $50.

- **Goggles:** Preferably sturdy industrial grade. These will protect your eyes from dust or harmful particles when searching through debris. Cost $2.

- **Change of clothes:** Shirts, jackets, pants, and other garments. Cost – use old clothes – free!

- **Cash:** At least $100, to be kept in small denominations.

- **Storage:** Durable, waterproof, storage container with wheels, if possible.

**DROP, COVER, AND HOLD**

Is the “Drop, cover, and hold on” method earthquake safe? Imagine yourself sitting at home in your living room when suddenly the room starts to shake. Quick! Are you safer staying where you are or ducking under a table?

While in recent years there has been some debate about the “drop, cover and hold on” method’s credibility, studies of injuries from past earthquakes show this advice has been effective in reducing deaths and serious injuries. Shielding yourself under a table or a solid object that provides cover for your head and body greatly increases your survivability.

Most of the injuries caused by earthquakes have resulted from falling objects on the victim, not due to the building having collapsed. So remember, in case of an earthquake, find suitable cover and drop, cover and hold on until the danger passes. Additional information on this issue can be found at www.earthquakecountry.info/drop-coverholdon/

**IF YOU DO ONLY ONE THING TO PREPARE THIS MONTH:**

Work on your communication/reunification plan. The most stressful part of any disaster is being separated from family and friends. Since you should only use the telephone for life-threatening emergencies, you must discuss back up plans – including the possibility of not being able to communicate at all.

Discuss a priority order of communication methods:
- Text message
- Out of area contact
- Pay phone
- Ham radio operator
- Leaving a message on the door

Discuss where you will try to meet if you can’t communicate:
- At home
- At a park
- At school, etc. Remember to leave a note if you have to leave the meeting place!

**WOULD YOU HELP DURING A DISASTER?**

There are multiple programs you and others can participate in including the CERT (Community Emergency Response Team), MRC (Medical Reserve Corps), or CARES (Cupertino Amateur Radio Emergency Service). Everyone has something to contribute!

**UPCOMING CLASSES**

**Pandemic Flu – Online presentation: What should you know?**

Click on the link under “Preparedness Info” at cupertino.org/emergency or watch it on City Channel Cable 26.

**Personal Emergency Preparedness Workshop**

Free! April 24, 6:30 - 9:30 pm, May 17, 9-Noon, June 11 9-Noon.

**Kaleidoscope Safety Training for 6th-12th grade**

April 14-18

Neighborhood Block Leader Training Offered

Wednesday, April 9, 6 - 8:30 pm, Cupertino Community Hall, Dinner provided

The Cupertino block leader program helps residents to connect with each other and with the City. Block leaders learn about new city programs and are informed of events specific to their neighborhoods. About 240 residents participate as Cupertino block leaders. Cupertino block leaders coordinate between five and 90 homes each.

The training features a panel of experienced block leaders who will share tips on how to organize neighborhood activities and how to stay in touch with neighbors. Participants will learn how to meet and approach neighbors, how to plan a Neighborhood Watch or emergency preparedness meeting, or block party.

The session is open to residents interested in coordinating neighborhood activities for the first time and to current leaders who want to rejuvenate activities in their neighborhoods.

If you would like to attend the training, e-mail communityrelations@cupertino.org or call 408.777.3331. The last day to register is April 4. Information is available on the City web site: www.cupertino.org/blockleader.

Know Your Codes: Residential Address Curb Painting

Residential addresses clearly painted on the curb in front of our homes provide important information to delivery and emergency personnel contacting us for a variety of reasons. While the City of Cupertino does not provide such a service, various companies periodically contact residents within the community and offer to provide address curb painting for a fee. Sometimes the fee for such a service is quite expensive and unreasonable.

While the City issues a business license and solicitor permit to the curb painting company, we cannot limit the fee a company charges for such a service. We encourage all residents to be discerning about the amount of money they agree to before giving permission for this work. It is not appropriate for any company to paint curb numbers and then collect payment for work that was not previously agreed. If you have not given your permission, you are not obligated to pay.

If you are contacted by anyone offering address curb painting services and are unsure if they are licensed, or to obtain additional information, please contact the Code Enforcement Division at 408.777.3182.

NOVA: Workforce Resources

Do you need help finding a job? Are you an employer in need of workforce services? NOVA is a workforce development organization dedicated to providing innovative, high-quality services to job seekers and businesses in northern Santa Clara County.

Services for job seekers include workshops, individualized counseling, labor market information and subsidized training. Because NOVA is funded by federal grants, most programs are offered at no cost to participants.

Businesses in need of services such as pre-layoff assistance, staffing and recruitment or professional development programs may also be interested in NOVA’s no-cost assistance.

NOVA also oversees CONNECT!, a collaborative of more than 30 organizations dedicated to providing customized employment and training solutions to job seekers and businesses throughout Silicon Valley.

The hub of this collaborative is the CONNECT! Job Seeker Center, located at 420 South Pastoria Avenue in Sunnyvale. This one-stop center is open Monday through Friday and consists of a number of resources, including internet-accessible computers, a job-search library, and knowledgeable staff available to assist with specific employment needs.

For additional information on NOVA, CONNECT! or any of their programs or services, please contact NOVA at 408.730.7232 or online at www.novaworks.org.

Accepting Nominations for “Distinguished Artist and Emerging Artist”

The Cupertino Fine Arts Commission is accepting nominations for the 2008 “Distinguished Artist” and “Emerging Artist” awards. There is a cash award of $500 for the winner in each category. Nominees must practice their art in Cupertino, or be residents and/or students in the community. The awards will be presented in the fall, and both performing and visual artists will be considered.

Last year’s Distinguished Artist was textile artist Charlotte Kruk.

Nomination forms are available on the City’s web site or from the City Clerk’s Office, 10300 Torre Ave., Cupertino, 95014, or by calling 408.777.3217. The deadline for nominations is Friday, May 16, at 4:30 pm.
If you blink, you’ll miss it. Even if you’re looking hard, you aren’t going to see much - its all a tangle of brush and trees now. But 150 years ago, it was THE PLACE to go: to “take the waters”, relax in opulence and be seen at the countless social affairs held there.

In 1852 a man from New York, George Cross, settled in Saratoga and purchased property just outside the village, going up the canyon into the mountains. Mineral springs had been discovered in the hills early on but nobody had paid much attention until the water was analyzed and found to be almost identical with that of the Congress Springs in Saratoga Springs, New York.

Darius Ogden Mills, the west’s outstanding banker of the day, saw a business opportunity. He and several associates bought 720 acres from Cross at a reported price of $2,000 in 1864. They bottled the mineral water and marketed it for its “medicinal qualities” and invigorating flavor. Next they built a hotel patterned after New York’s Congress Springs and built guest cottages and opened the venture with a grand ball in 1866.

Everyone who was anyone stayed at the resort and eventually it seemed a good idea to change the facilities from a mostly private venue to a public resort. Average rates were $2.50 per day for room and board or $10 - 15 per week. The area was known for good hunting, roads for riding and driving down to the valley or up into the mountains on romantic drives and the resort grew in reputation and popularity. The springs were only a five-minute walk from the hotel.

In 1872, Lewis P. Sage and his son bought the entire resort for approximately $25,000 and developed a dairy, orchard and vineyard that supplied the hotel with milk, butter, fruits and wine. The property became accessible for railroad travelers from Los Gatos and San Jose. Tickets were $2.25 - time for the trip from S.J. was 3 and 1/4 hours.

In the late 1890’s the Stanford football team players came to Congress Springs for the week before the BIG GAME with University of California. Stanford practiced secretly all week and caused quite a stir among the younger generation in Saratoga when they attended church services locally on Sunday. The famous Santa Clara Valley Blossom Tours also came up to the springs in the early days.

1903 promised to be the best year in the resort’s history. The hotel had recently been refurnished and repainted and by mid-June the season was well under way. On Monday evening, June 15, 1903, a fire was discovered in the main building while guests were at dinner. As soon as the fire was announced, some of the guests panicked while others ran to their rooms to save their luggage. A defective flue in the chimney started the fire and with a strong southwest wind blowing, the building rapidly became a mass of flames and the terrible red glare could be seen for miles.

Efforts to save the buildings were futile. Mr. Ghirardelli (of S.F. chocolate fame) was at the hotel at the time and helped Vince Garrod, the community farm leader, save the wine supply. Garrod later told the story of how Mr. Ghirardelli gave him a bottle of champagne and said, “Take this home; if you have a wife, drink it with her, and if you haven’t, drink it with your sweetheart.” Garrod took the bottle home and gave it to his mother.

When the San Jose - Los Gatos - Saratoga Interurban Railway discontinued services to Saratoga and Los Gatos in 1932, Congress Springs’ days were numbered. The area was sold to the San Jose Water Company and promptly closed to the public, although private parties still used the grounds from time to time.

Remnants of the old railroad buildings stood out bravely for a long time, but eventually were overtaken by brush and trees and vines. The little creek still meanders past the site as cars drive quickly by on the winding mountain road and hardly anyone knows what was there over 100 years ago.
