City-Wide Garage Sale is Coming

Cupertino’s annual Citywide Garage Sale will be held Sept. 28 and 29 at individual homes and other private locations within the city and in neighboring unincorporated areas. The city is inviting residents and community organizations to register, and will provide free advertising and a garage sale “How-to” kit for all registered sellers. Sale participants manage their own garage sales and keep the profits. Block sales and multi-family sales are encouraged and will be highlighted on the city’s garage sale list.

The registration deadline is September 13. Register on-line at the city’s web site: www.cupertino.org (click on “What’s New”.) Or mail or fax in the registration form on page 9 of this issue of the Scene. Registrants have the choice to receive the garage sale “How-to” kit by mail or simply view it on the city’s web page.

On September 24, a list and map of all registered sales will be published on the city’s website, and printed copies of the list and map will become available at local 7-Eleven stores, coffeehouses and city facilities. On-line viewers will be able to search for specific items on the list by using the “find” function. Each sale site will be assigned map coordinates.

The city’s goal in sponsoring a Cupertino garage sale is to prevent usable items from being thrown away as garbage. Call 777-3337 for more information.

On-Call Yard and Woodwaste Days

A reminder that each home in Cupertino (with “can” garbage service) is entitled to schedule two On-Call Disposal Days in a calendar year. One or both of the days can be designated Yardwaste/ Woodwaste Days if a resident has an unusually large amount of yardwaste or unpainted and untreated woodwaste. If specifically scheduled as a Yardwaste/ Woodwaste Day, these organic wastes would be hauled to a compost site, instead of a landfill.

Best Time to Start a Compost Pile

Backyard compost workshops will be held on the first Saturdays of September, October, and November. Because leaves are abundant in the Fall, it is one of the best times to start a compost pile. Workshops are free and are held at McClellan Ranch Park on McClellan Rd. Call 299-4147 to register.
Local Asian American History

A guest speaker from De Anza College will discuss local Asian-American history at the Citizens of Cupertino Cross-Cultural Consortium (5Cs) meeting on September 18 at 7 p.m. in City Hall, 10300 Torre Ave. The presenter will share recent research on the extensive but little known local history of 19th century Chinese immigrants and will also seek ideas relating to diversity and community building.

The 5Cs offers multicultural presentations, restaurant visits, and book discussions once every three months. The restaurant visit for this quarter will be on October 2 at 6:30 p.m. at the Malaysian restaurant, Love Me! Café, located at 20390 Town Center Lane #6B (across from Cupertino Library). Dinner will cost approximately $10. The restaurant describes Malaysian cuisine as a “balance of hot and sour flavors, aroma and spice.” Call 777-3331, if you would like to attend.

The 5Cs meets on the first Wednesday of each month at 7 p.m. at Cupertino City Hall, unless noted otherwise. Established in 1997, the group of residents is dedicated to creating an infrastructure that promotes a harmonious, yet diverse community. For more information, call 777-3331.

CUSD Community Input Meetings

The Cupertino Union School District’s Middle School Attendance Areas Task Force will hold its second round of community meetings to seek public comment on boundary drafts for the new middle school scheduled to open in Fall 2005. The committee was established a year ago to review district middle school boundaries and make recommendations for the new school’s attendance area. The school will be located at the Collins site on Vista Drive in Cupertino. Each meeting will be identical in content so community members will have an opportunity to attend the meeting that best meets their schedule.

De Anza’s Aquatic Overhaul

An extensive, $1.2 million pool renovation project began at De Anza College in Cupertino on Aug. 15. It will be entirely funded by Measure E, a bond measure passed by voters in the fall of 1999.

The Olympic aquatic complex - used for credit classes, fitness and recreation, and various championship competitions - is expected to reopen in March of 2003 before De Anza’s spring quarter gets under way. The two pools were built at the same time the college was constructed in 1967.

“We realize that the renovation of our aquatic complex will be inconvenient for students, faculty, staff and community members who regularly use this pool facility. However, I think they understand why we need to do this. It’s important that we upgrade these 35-year-old pools for them and for the future of our aquatic programs,” said Ron Warnock, dean of the Physical Education and Athletics Division.

The renovation includes the re-plastering of the pools, the removal and replacement of the concrete deck surrounding the larger pool and the diving pool, the replacement of ceramic tiles and gutters, the re-piping of the pools (and upsizing pipes wherever appropriate), the installation of new surge tanks related to the circulation system for each pool, and other miscellaneous items such as replacing ladders and railings, refurbishing the diving stands and replacing deck stanchion anchors, depth markers and other indicators.

For more information about the renovation of De Anza’s aquatic complex, call Ron Warnock at (408) 864-8402.

October 2 is Walk to School Day

Local schools will be joining schools from around the country and the world to celebrate Walk to School Day on October 2, 2002. This is the sixth year this national event has been held and the third year internationally. Last year, more than 600,000 parents, kids and community leaders from 49 U.S. states walked to school together on Walk to School Day.

The idea is to walk to school together with a purpose — to promote personal and community health, safety, and concern for the environment. Walking to school is a missed opportunity. Roughly 10% of children nationwide walk to school regularly. Even among those kids living within a mile of their school, only 25% are regular walkers. Nearly nine out ten parents who walk their children to school see it as an ideal way to meet new people, according to a survey. Many said that the school gate was a better place to meet new people than pubs, clubs, evening classes or the supermarket.

Walkers from the U.S. will be joining more than 25 countries from around the world to celebrate the third International Walk to School Day. To learn more about Walk to School Day, or to plan your own event, visit the official web site at www.walktoschool.org.

Back to the Future

The Fremont Union High Schools Foundation will hold its seventh annual Recognition Dinner, “Back to the Future,” on Thursday, October 24, 2002, at SGI. We will be honoring three-time Olympian and head coach of Stanford Field Hockey, Sheryl Johnson and will be recognizing the contributions to education of Don Allen. We will also honor six outstanding high school students from our district. This is a major fundraising event for the foundation, which serves the Fremont Union High School District: Cupertino, Fremont, Homestead, Lynbrook and Monta Vista high schools. Funds raised at this event will be used to support three primary initiatives:

• The Baylands Ropes Course: To bring this experience to every student in the District.
• Digital Divide/Technology: To provide access to technology to students who might not be able to afford it.
• College/Career Centers: To enhance the Centers at each of the five high schools as they help students select the path to follow after graduation.

**Did you know…**There is now a permanent Constitutional Amendment exempting property owners (commercial and residential) from property reappraisal if they make seismic improvements to existing buildings. This amendment allows property owners to make their buildings safer during earthquakes without increasing the assessed value. Contact your local building department or Office of Emergency Services to discuss buildings that will benefit from retrofit. Owners of multi-unit properties with garages underneath living areas are encouraged to investigate retrofit needs. The San Jose Office of Emergency Services has produced two brochures to help. “The Apartment Owner’s Guide to Earthquake Safety” and “Practical Solutions for Improving the Seismic Performance of Buildings with Tuck Under Parking”. Both can be downloaded at http://www.ci.san-jose.ca.us/oes/ or by contacting the Tri County Apartment Owners Association.

Krazy Dazys and Katydids

“Allemande left and do-sa-do,” do you remember the square dancing you did as a child? It was fun then and still is. Square dancing is an inexpensive, healthy activity that can be learned and enjoyed at any age. Throughout the valley there are over a dozen square dance clubs that meet on different nights to have fun dancing. Besides square dancing, these clubs have group activities, such as picnics, theater parties, potlucks, and weekend outings to festivals.

In Cupertino there are two square dance clubs, co-sponsored by the Cupertino Parks and Recreation Department, the Krazy Dazys and the Katydids. The Krazy Dazys meet on Wednesday nights at Collins School and the Katydids meet on Friday night. Both clubs hold yearly classes to teach interested people how to square dance. Starting September 11, 2002, the Krazy Dazys are offering an ‘Intro to Square Dancing’, consisting of three free Wednesday evening classes on consecutive Wednesdays. These will be held from 7:30 to 8:45 p.m. at Collins School, 10401 Vista Drive, Cupertino. Come and see how much fun it is to learn (or relearn) square dancing. For more information call David Mast 377-0252 or visit our web site http://www.krazydazys.org.

Cupertino Cuisine: Gingerly Speaking

by Hema Kundargi

As a child I would refuse the ginger fudge, ‘Alepak’, my grandmother made. She would gently cajole us to have a little piece of fudge everyday. Being a doctor herself, She recognized the benefits of the “maha auashadi” which means “the great medicine” It is said to have a calming effect on the digestive system and a stimulating effect on the circulatory system. A little ginger may be added to any recipe as treatment for nausea, stomach cramps, menstrual pain, chills and colds. Ginger is also one of the best natural remedies known for travel sickness.

Ten years ago when I was expecting my second child, I was going through a terrible morning sickness saga. My neighbor, Karen, gave me candied ginger to overcome my sickness. I overcame my morning sickness but to this day I have not overcome my love for ginger. Somehow I felt grateful towards the humble ginger for bringing some sense of normalcy to my life in pregnancy.

Ginger is the underground stem or rhizome with long thin stalks and leaves. The plant grows to a height of 3 feet and bears cone like yellowish green flowers streaked with purple. The rhizomes are dug out when leaves dry out. Ginger has a warm aroma, with a hint of turmeric. It tastes hot and increases the fieriness of any food. It is a quintessential ingredient in Chutneys, meat and vegetable curries.

When buying ginger, look for firm and plump rhizomes. Avoid those with wrinkled skin or mildew. A knob should snap easily if it is fresh. My mother had a very interesting way of storing ginger. She would plant it in a small pot on the kitchen windowsill. If you plan to store it this way two things to remember is that the soil should be very sandy and watering should be done infrequently. Whenever a recipe called for ginger, my mother would cut off a small piece as required and put the rest back in the soil. Thus it stayed fresh and also sprouted new knobs.

Here is a recipe of a salad, which is loaded with nutrients and delicately spiked with Ginger dressing.

**PAUSHTIK SALAD**

- 2 cups finely shredded cabbage
- 2 cups finely shredded carrots
- ½ cup finely chopped bell pepper
- ½ cup finely chopped cauliflower
- 1 cup sprouts or nuts
- ½ cup finely shredded raw beets
- 1 tablespoon fresh or dried coconut
- 2 tablespoons washed and finely chopped cilantro
- ½ cup spinach

**Ginger dressing**

- 1 tablespoon grated ginger
- 1 tablespoon lime juice
- 1 teaspoon salt (or as needed)
- 1 teaspoon sugar

In a big bowl add all vegetables except beets. Make a dressing with ginger, lime juice, salt and sugar. Just before serving add the dressing and mix well. Finally add chopped beets and mix gently. (The red color of beets will bleed if you add before serving)

This salad adds a vibrant color to any meal or party!

**Hema’s Hints:**

1. For variation to the dressing you can substitute 1 tablespoon freshly squeezed orange juice for lime juice.
2. With the exception of potato and tomato, you can mix and match or omit any vegetables in this salad.

Painless Parker

As humorist Dave Barry says, “I am not making this up.” Henrietta Marcotte, my predecessor in doing the ROOTS column, wrote this story quite a few years ago and I found it recently and thought it definitely deserved another printing. Painless Parker was a real person; here is his story.

Edgar Randolph Parker settled in Cupertino on 300 acres of land that he purchased from Henry Farr in about 1913. (This acreage is now the site of lovely homes on Parker Ranch Road area) The 14-room ranch house estate built on the rolling hills was called “Grandview” with sweeping vistas of the valley. Painless Parker’s children; Helen, Jane and Randolph, all attended local schools.

Painless Parker was an incidental innovator who prided himself on his showmanship. He took the moniker, “Painless Parker” when he lived in Brooklyn, New York. He erected a four-story billboard over his Flatbush dental office—“Painless- I am positively IT in painless dentistry.” He would leave his office to pull teeth on the street, accompanied by a brass band, which drowned out the cries of his patients, who did not receive enough hydrocaine (used prior to novocaine).

He left Brooklyn for San Francisco, where he launched the Parker Dental Circus, a traveling medicine show featuring performers, doctors and public tooth extractions that made him rich. He rode from town to town on the back of an elephant, wearing a necklace of extracted molars and set up “Painless Parker” dental franchises. California authorities suspended his dental license in 1930 for false advertising. He then legally changed his name from Edgar to Painless, to avoid the charge and allowing him to run his phone book listing as an advertisement. Parker’s license was restored in 1935; he continued to practice until 1952, when he died at the age of 80.

Thomas Kerwin was another early day local landowner and had family here. He practiced dentistry in San Francisco, but also had a dental chair in his Cupertino home. The chair could be seen in the dormer window facing Saratoge-Sunnyvale Road. (Now De Anza Boulevard) Other early Cupertinians in the medical professions were Lew Wallace, M.D. And Elmer Holand, D.D.S. who practiced into the 1970’s.

Footnote to July’s column about the China House Restaurant - Cynthia Lee retired several years ago and the China House is under a new name and management. Apologies to anyone who tried to locate the restaurant under its previous name.
