Would You Like To Serve on a City Commission?

Cupertino residents are encouraged to apply for positions on City commissions that will have vacancies in January 2015. Council will conduct interviews beginning at 5 pm on Monday and Tuesday, January 26 and 27 for these groups: Bicycle Pedestrian Commission; Fine Arts Commission; Housing Commission; Library Commission; Parks and Recreation Commission; Planning Commission; Technology Information and Communication Commission.

The application deadline is 4:30 pm on Friday, January 16, 2015. Commissioners are interviewed and appointed by the City Council and may serve a total of two consecutive 4-year terms. Applications can be downloaded from the City of Cupertino website at www.cupertino.org/vacancies. For more details please visit the website or call the City Clerk’s Office at 408.777.3223.

On December 2, 2014, at 6:45 pm, the Cupertino City Council will hold a meeting to consider amendments to its General Plan, including the Housing Element and Heart of the City Specific Plan, and Municipal Code Amendments to conform with the General Plan. The ordinances involve Below Market Rate Housing, Density Bonuses, Parkland Dedications, and zoning changes to conform to the new General Plan. During this hearing, the Council will make decisions regarding Citywide development policies and parameters, including heights, densities, land uses, retail, commercial, industrial, and residential, which involves properties within the Heart of the City, Homestead, North Vallco, North De Anza, South De Anza, South Vallco Special Areas and the Vallco Shopping District. The Council will also consider prioritizing properties for housing to send to the State of California Department of Housing and Community Development. More information, including technical reports and staff reports, is available online at: www.cupertinooga.org or in the City’s Community Development Department.

Have a Safe Holiday

According to the national safety agencies, the upcoming holidays are a prime source of accidents, injuries, and fires in and around the home. We want you to consider the safety of you and your family in your preparation for the holidays and while you are enjoying them. Keep your family safe and secure by keeping in mind the following:

Driving
Lots of parties happen this time of year and driving while under the influence of alcohol not only endangers you but everyone else as well. Be smart and do not drive if you have had too many drinks. Better yet, have one person in your party be the designated driver or use a cab service if consuming alcohol.

Decorating
For all your holiday decorations, including artificial Christmas trees and ornaments, look for fire retardant materials and buy only UL rated lights and decorations. Make sure all your old lights and extension cords are not frayed or don’t have defective sockets. If they do, replace them. Do not overload outlets with too many plugs. It may be time to buy LED holiday light strings which burn less electricity and are safer than traditional bulb-based lights. Be safe on ladders around the home when putting up lights on the house or trees.

Fireplace Fires and Candles
If you use a fireplace, have your chimney professionally cleaned every year and make sure you have a spark screen in place when burning wood in a fireplace. Do not burn pine or other sappy woods which cause sparks and embers to pop and coat your chimney with creosote. Place candles in fire resistant containers and do not place them where young children can reach them. Extinguish all candles and fires before retiring or going out for the night. Be sure to test your smoke detectors and replace batteries if needed. Batteries should be replaced twice a year.

Give a Holiday Gift of Safety
Wondering what gift to give that special person who has everything? How about safety supplies? I know it is unconventional, but it may just save the life of a friend or loved one. Add these items to your holiday gift list: fire extinguisher (“ABC” type), Safety ‘to-go’ pack, LED flashlight, battery or hand-crank emergency radio, first aid kit, hard hat, smoke detector, CO2 detector (now required by CA law). Give yourself and family the gift of safety by attending one of the following classes.

Upcoming Public Sessions:
FREE! Earthquake Preparedness and Home Safety. The class is one hour and is scheduled on request for Cupertino businesses, churches, or social groups of 8 or more. This class can come to you! Contact the Cupertino Office of Emergency Services (OES) at 1.408.777.3335, email OES@cupertino.org for more information, or to request a class for your company, group or organization.

FREE! Personal Emergency Preparedness Class (PEP) offered by the Santa Clara County Fire Department. The class covers Earthquake safety, Disaster preparation, Disaster communication tips, First aid techniques that save lives, Home safety, Fire Safety including how to use a fire extinguisher, Emergency supply suggestions - and more! The next two PEP classes are: Tuesday, December 3 and January 22, 6 – 9 pm, Cupertino City Hall, 10300 Torre Ave, Cupertino. For Registration by e-mail, info@cnt.sccgov.org, (provide your full name, e-mail address, phone number and residential or work address), or contact the Santa Clara County Fire Department at 408.378.4010.

Community Emergency Response Team (CERT) class. This is the perfect time to learn to be part of the disaster response solution. This is an intensive training session by the Santa Clara County Fire Department on preparedness and helping others during a disaster. The course is offered four times a year and you will have one year to make up any missed sessions for graduation. You may attend the final exercise once all six sessions have been completed. We encourage all Cupertino residents to attend this worthwhile training. The next class runs January 27 - February 5, Tuesday through Thursday 6 – 9 pm with the final hands-on and graduation on February 7 at 9:30 am - 12:30 pm. All classes will be held at Campbell Community Center, PEP Training, 1 W. Campbell Ave., Room E-42, Campbell. The registration fee is $35 which will be reimbursed to Cupertino residents upon successful completion of the course. If you have questions or want to register contact: info@sccfd.org or 1.408.378.4010.
One of the more prolific story tellers in Santa Clara Valley was historian, Ralph Rambo. He wrote many small books on local history, all illustrated with wonderful drawings - some of his maps are so detailed that it would be quite a while to take in all the people, places and events that he painstakingly crammed onto the paper. This little story (MUCH abbreviated due to limited space in this column) was hand-lettered and illustrated by the author and published in 1971.

"Once upon a time there lived an old man on a hilltop in the lower Sierras. His name was Hiram Claus. He had a long white beard and dressed in a red flannel shirt with Levi pants stuffed into heavy boots. Above his red nose were bushy eyebrows and twinkling eyes. "Now with that description wouldn’t you expect him to have a corral full of reindeer and a sleigh parked in the shed? But he owned nary a reindeer, only a sleepy little burro named Roody. Every Christmas Roody patiently wore a pair of deer horns strapped between his ears, so the children thought he looked like a reindeer and that was all that mattered.

Hiram passed many years on his mountain and one day a freckle-faced little girl named Dory trudged up his hill with her dog, a huge Saint Bernard called Big Bertha. Dory and Hiram became fast friends and Dory and Big Bertha spent long hours visiting, while Hiram told her stories of the mines and miners and looking for gold in the cool mountain creeks and crevices on the mountain days gone by. Dory’s mother was a widow lady who worked by. Dory’s mother was a widow lady who worked

Hiram sighed with relief. “Of course it is, Dory. Keep going!” A long silence... and then a scream! “Two shining eyes, Grampaw! It’s Big Bertha!” Dory hollered. “Not yet, Grampaw” came Dory’s faint voice. “It’s so dark and cobwebby and smells awful in here.” “Shine the light way ahead, Dory. Mama says she’s going to light your face!” Hiram pushed his big gold pan into the cave and told Dory to look for the puppies with the comment, “I shore never figgered on ever pannin’ out a mess of pups!”

Finally all were out and the trio - Hiram, Dory and Bertha gazed lovingly at the pile of squirming puppies. Dory related to Hiram what it was like way back in the cave. “There was a broken whiskey bottle and a pack rat’s nest under Bertha dog her nest in the sand, there were the tops of some old fruit jars.” Hiram looked thoughtful. “Dory, crawl back in there and take this knife and dig out two jars. Finally outside, they looked at two ancient glass jars encrusted with dirt and sand. Excitedly and much to Dory’s surprise, Hiram smashed the two jars and as he did so a yellow flood of still shiny gold pieces spilled out over the edge of the gold pan, filling it almost to the brim! “Oh Grampaw!” Dory screamed. “It must be Joe Farr’s $15,000!”

Well, nowadays the story would have ended much differently - with government agents confiscating all the money and maybe no reward offered and Hiram and Dory and her mother would still be dirt-poor. But this is Ralph Rambo’s little story and in it, Hiram and Dory took the gold coins and went back to his cabin, strapped the deer horns on old Roody, made a wreath to hang on his neck, painted his nose red with one of Dory’s mom’s lipsticks and marched down to Main Street in Mariposa to the bank and to tell her Mama and everybody about their good fortune... and it was Christmas Eve, the time of greatest miracles.

A Happy and blessed Christmas to one and all. Resource - Sierra Santa by Ralph Rambo

Reduce, Recycle, Reuse - Rethink the Holidays!

As we celebrate, decorate, give gifts and travel this holiday season, we also generate a lot of waste and increase our energy use. The volume of household waste in the United States generally increases 25% between Thanksgiving and New Year’s Day – about 1 million extra tons. There are many simple ways to “green” your holiday season by reducing, recycling, and reusing. Save money by identifying items that can be reused or repurposed in a creative way. And make recycling part of your holiday tradition: you can minimize your impacts on climate change and make lasting difference in your local environment. Here are a few tips:

Christmas Trees: Christmas trees will be collected from homes on regular collection days during the month of January. Cut trees into 5-foot lengths, remove all decorations and stands, and place trees in your brown yard waste cart or at the curb. Apartment and condominium complexes should collect trees in a central location; managers should call Recology when the complex is ready for tree pick-up: 408.725.4020. Flocked trees are also accepted for composting.

Cardboard: Cardboard boxes can be placed in the blue recycling cart or flattened, tied together and placed alongside the cart. Boxes must be flattened and cut into 3-ft pieces.

Styrofoam: Blocks of Styrofoam, Styrofoam “peanuts”, and any other expanded polystyrene (EPS) foam materials are not accepted in the City’s recycling program. UPS stores will accept Styrofoam “peanuts” for recycling. The closest stores are 20660 Stevens Creek Blvd, 408.213.219, and 1072 S. De Anza Blvd, 408.253.6561.

Wrapping paper: Gift wrapping paper is recyclable – include it in your curbside recycling container. However, plastic-coated and foil wrapping paper, ribbons and bows cannot be recycled.

Extra Holiday Garbage?

If you do generate extra trash this season, you can use your On-Call Disposal Days:

Cupertino residents have two free On-Call Disposal Days for large amounts of trash. Schedule a Disposal Day by calling Recology: 408.725.4020. Visit the City’s website at www.environmental@cupertino.org for details.

First Environmental Recycling Day & Document Shredding Event of 2015

Here’s a great New Year’s Resolution: gather up your old confidential documents, the items you’ve been meaning to donate, and that broken printer in your cupboard and head to our Environmental Recycling and Document Shredding Day! It will be held on Saturday, January 17, 2015, 9 am-1 pm in De Anza College’s Parking Lot A. Accepted items are:

- Electronic waste (computers, monitors and printers)
- Universal waste (batteries, cell phones, CFLs and fluorescent tubes)
- Reusable furniture (not dirty, stained, or torn)
- Clothing
- Residential documents (for confidential onsite shredding; two box limit)

Please note: NO paint, toxic chemicals, or mattresses accepted.

For further information, contact Recology at 408.725.4020. This event compliments the FREE e-waste drop off offered for Cupertino residents by Apple Computer (now at 1326 Kifer Road in Sunnyvale). Start fresh in 2015!
Got Ants? Stop Them at the Source This Rainy Season!

Ants enter homes to avoid extreme weather conditions. With cold and wet weather approaching, stopping ants at the source of entry is the easiest way to prevent an ant invasion without exposing your families, pets or the environment to harmful pesticides. During extreme hot or cold weather, it’s important to package up leftovers and pet food to avoid ants. Get S.E.R.I.O.U.S. about ant control:

- Spot where the ants are coming in
- Eliminate crumbs, messes and spills
- Rinse ants away with soap and water
- Isolate food and water sources
- Obstruct entryways by sealing cracks
- Use baits if ants don’t go away after a few days
- Stick to it to keep ants away!

The best way to keep ants out is to make it difficult for them to get into your home. If you find it difficult to seal all the nooks and crannies in your house, see www.GotAntsGetSerious.org for additional solutions that will keep your families and pets—as well as San Francisco Bay—safe from harmful pesticides. You’ll also find there a list of stores that sell less toxic pesticides. For large ant invasions, consider hiring a pest controller certified in Integrated Pest Management (IPM). IPM certified professionals are trained to manage pest problems without using toxic pesticides. Find a list of IPM certified pest control providers at the above website.

Pet Waste is NOT Green Waste!

Did you know that pet waste is not compostable? It is actually garbage. By putting pet waste in the trash, it prevents the waste from becoming a source of pollution in our streams and bays. Composting does not kill hazardous pathogens that pet waste may carry and can pollute water. Landfills are designed to safely handle substances such as dog waste, cat litter, and dirty diapers. So don’t put dog waste in the yard waste bins for curbside pickup, or in compost bins you may find in parks. When pet waste is not picked up, it becomes a common stormwater pollutant that contaminates creeks. The storm drain system is a network of gutters, pipes and open channels designed for flood control. It directs runoff – untreated – from streets and parking lots to our local creeks. Polluted stormwater degrades our water quality and can kill or hurt plants, fish and wildlife. Please bring a plastic or biodegradable bag on walks and always pick up after your pets, then throw it in the garbage container.

Breakfast with Santa
Saturday, December 6, 2014

Happy Holidays to all...and to all a good BREAKFAST!

You and your family are invited to a breakfast celebration with Santa!

The elves will be cooking up some delicious North Pole pancakes and Santa will be posing for pictures. The elves have also set-up a workshop with holiday crafts and fun for the children!
